

University of California San Diego Health System
And
San Diego House Staff Association
Memorandum of Understanding
July 1, 2015 – June 30, 2018

SIDE LETTER

Section 6 - Installation of Fresh Food Kiosks

As outlined in Section 6 - Meal Allowance: pertaining to the access to after-hours nourishment, the parties agree that beginning on and following 120 days from the date of ratification of the Agreement, the UC San Diego Health System will install Food Kiosks at Hospital locations. Food Kiosks will be maintained through a vendor to ensure machines are regularly stocked and maintained, available for use at all hours, and will offer fresh food, including healthy and vegetarian options. Kiosks will accept meal allowance cards and/or credit cards.

UCSD House Officer Policy and Procedure Document (HOPPD)

The parties agree that Counsel and Labor Relations will meet and discuss collaboratively, pursuant to the Petition Review Process (Section 1), to reconcile the UCSD HOPPD pertaining to areas which are within the scope of bargaining as noted in Section 7.

Research Residents

We recognize the question raised regarding Research Residents who are in out-of-title assignments due to being enrolled in an ACGME accredited training program which allows or requires the Resident to pursue training in a non-ACGME accredited research year. We agree to discuss solutions to ensure these Residents shall continue to remain represented by the SDHSA and receive SDHSA benefits.
